 Drum Carpet
 Drum Stool

All Drums/Stands must be of good quality
 i.e. DW/Pearl Masters/Yamaha9K

OLD BLIND DOGS 2/3

Technical Rider

Dear Promoter,

This is an overview on our technical requirements. If there are any problems or questions regarding our technical requirements please contact the band ASAP. The technical rider is part of the contract, and thus should be met to enable us all to have a good show!

Technical contact:

Aaron Jones (Old Blind Dogs) UK (+44) 07852 388544 office@oldblinddogs.co.uk

PA

Old Blind Dogs concerts require a sufficiently dimensioned and professional PA-system. Although Old Blind Dogs are a 'folk band' their dynamic sound requires a PA-system capable of producing low frequencies. Some of the instruments provide frequencies down to 40 Hz. Old Blind Dogs require a guidance level of 100db(A) (with 6db headroom) at the FOH and consistent frequency response between 30 to 18000Hz with equal levels at all audience areas including front fills / balcony fills if appropriate.

Monitors

Old Blind Dogs need 4 separate floor monitors (min. 10") on 4 auxiliary channels with adequate amplification and separate 31-band EQ.

Backstage Rider

Water and towels, red/white wine, lager style beer (microbrew/Mexican/European) and hard cider. Snacks such as fruit, chips and salsa. Four hot meals.

OLD BLIND DOGS 3/3
Backline

IMPORTANT! WE DO NOT TRAVEL WITH DRUM BACKLINE BUT IT IS ESSENTIAL.

(Promoter agrees to supply at time of booking at no extra charge to OBD's)

Kick Drum (20" if poss 18"/22" ok if not)
